# About CorruTec ASIA

Themed **Unfolding the Future of Corrugated Packaging**, the 3rd edition of the International Corrugated Technology Exhibition for Asia leverages strong regional growth drivers in Southeast Asia to unlock greater value and diverse opportunities for businesses throughout the industry.

CorruTec ASIA brings together buyers and decision-makers from across the corrugated industry value chain to showcase the best innovations and technology and foster business engagements.

Synergistically held alongside the well-established PACK PRINT INTERNATIONAL, the co-located exhibitions will represent the end-to-end value chain for the packaging, printing and corrugated packaging industries.

## Trends & Opportunities in Corrugated Packaging

### Rising Consumer Demand for Eco-Friendly Solutions

Southeast Asian consumers are increasingly mindful of the environmental impact of their consumption habits, driving a surge in demand for eco-friendly alternative. Corrugated cardboard remains one of the most recyclable packaging material with the highest recycling rate across the packaging industry; making it an effective way for businesses and consumers to minimize carbon footprint.

**USD 228.6 billion**

the global corrugated board packaging market size is estimated to exceed USD 220 billion by 2028

**4% CAGR**

Southeast Asia is expected to grow at 4% CAGR in the next 5 years
